

BETTAYEB

Mohamed Aimen

Computer science student

About Me

Passionate and driven Computer Science student with a strong foundation in software development, problem-solving, and technology. I am highly adaptable, resilient, and eager to learn new skills. I am enthusiastic about contributing to meaningful projects, collaborating with others, and seizing new opportunities in both volunteering and higher education. I am particularly interested in leveraging my technical skills to make a positive impact and further develop my expertise in the field of computer science.

Skills:
